YUVARAJ P

Chennai, 600097 | +91 8300458481 | Email | Portfolio | LinkedIn | GitHub

Professional Summary

Results-oriented MCA student with hands-on experience in Python, AI/ML, and full-stack development. Completed internship at Tech Mahindra building real-world AI/ML solutions. Passionate about delivering impactful software and continuously upskilling through certifications.

Education

Master of Computer Application (2024 - present)
UCE, Anna University, Trichy

Bachelor of Computer Application (2021 - 2024)
Govt Arts and Science College, Dharmapuri

Work Experience

Intern – Tech Mahindra | Jan 2026 – Mar 2026
Developed and optimized AI/ML models using Python and SQL at Tech Mahindra. Collaborated with senior engineers on real-world software projects, contributed to debugging pipelines, and improved code efficiency.

Project Development & College Team Projects
Built web and mobile applications as part of college teams, following SDLC practices to plan, develop, and deliver functional solutions collaboratively.

Projects

- **Sketch to Code - GenAI IDE | Python · Flask · OpenCV · PyTorch· PyTesseract (OCR)**
  Built an AI-powered GenAI IDE that converts hand-drawn UI sketches into functional code.
- **Expense Tracker App | Python · PyQt5 · FPDF**
  Manages daily expenses with add/edit/delete & monthly reports.
- **Image Editing App | Python · Tkinter**
  Editing tool (crop, resize, filters) using Pillow/OpenCV.
- **Weather App | Python · Tkinter · Pillow (PIL)**
  Real-time weather forecast with API integration & Tkinter GUI.

Technical Skills

Languages	Python, Java, SQL, C++
AI / ML	Scikit-learn, OpenCV, Pillow, Computer Vision, PyTorch
Web Development	HTML, CSS, JavaScript, Flask (Full Stack - Basic)
Tools & Platforms	Git, VS Code, Microsoft Azure, Eclipse, PyCharm
Databases	MySQL, Mongo DB

Certifications

Udemy : Python | Microsoft Office

Tech Mahindra : AI/ML | Java | SQL Advance

Microsoft : AZ-900 | AI-900 | Power BI Report Design

Others : Quantum Computing (ATAL Program) | Titan Leap
